

Took a while to find a base I actually wanted, so I've been moving my bedroll around with me. Now that I place my land claim block, I only get the sound that means the ...

Need a solution to resetting my trader, its a fair hike on our server, he bugged out about 50 days in, and has been broken since, maybe a vulture ate him :) Everytime you get close to the ...

& nbsp; & nbsp; Go to [7daystodie](#) [r/7daystodie](#) [r/7daystodie](#) 7 Days to Die is a survival horror video game set in an open world developed by The Fun Pimps MembersOnline o [Living\\_Karma11](#) ...

Each new model has also been carefully selected so as to be as in-keeping to the world and colour palette of 7 Days to Die, meaning these additions won't look out of place in ...

A21 Press Release Notes Hey Survivors, It has been a while since our last major release, December 2021 to be exact. For a year and a half, our growing team has been ...

Checking my firewalls. 7 days to die is allowed through my firewall in all cases, private and public. Joining a public server, which I did successfully, and still could not join my friend's private server.
